

Declaration of Authorship

I hereby declare that I have written this [degree] thesis independently and have used no aids other than those stated. The parts of the [degree] thesis that have been taken from other sources, either verbatim or in meaning, have been referenced with the details of the origin. This also applies to drawings, sketches, pictorial representations and sources from the internet.

Additional declaration 1 Editorial Services of Third Parties

I hereby declare that linguistic and stylistic editing of the [qualification] work has been provided (please check):

[] by the following person:

[..] by the following software:

Additional declaration 2 Use of artificial intelligence.

I hereby affirm [please check]:

[] that I have not used any AI-based tools.

[] that I have documented the use of AI-based tools as follows:

All sections that were drafted, written and/or edited using AI-based tools have been marked and documented. I have listed all AI-based tools in the appendix of my work. These are listed in an AI directory with product names **and formulated inputs (prompts)**. I assure you that I have not used any AI-based tools that the examiner has explicitly excluded in writing. I am aware that the use of texts or other content and products generated by AI-based tools does not guarantee their quality. I am fully responsible for the use of any machine-generated passages I use and bear responsibility for any incorrect or distorted content generated by the AI, incorrect references, violations of data protection and copyright law, or plagiarism.
